Matching health care providers like you, who may have availability, with positions across Ontario where your support is needed is critical for our health care system to continue to deliver necessary care in the midst of the COVID-19 crisis.

Here’s how the Ontario Health Workforce Matching Portal works:

You set-up your profile, input your availability and you will be matched with a request for support. As soon as a match has been approved you will be notified via email. A representative from the organization that you have matched with will contact you shortly thereafter to schedule the next steps in the process.

What you need to do to get matched:

- Watch the training video available on the Ontario Health Workforce Matching Portal
- Set-up your profile and input your availability on the Ontario Health Workforce Matching Portal

Still have questions?

- Refer to the FAQ available on the portal
- Refer to the detailed training guide available on the portal
- For support contact the Ontario Public Service (OPS) IT Service Desk at 1-888-677-4873 or 416-246-7171. Once you hear "You have reached the OPS IT Service Desk" enter prompt code 011 on your phone

Access the Ontario Health Workforce Matching Portal today to be matched with an organization in need of your support.
